

Group Eleven to be featured on Radius Research for a live Company Pitch, Deep Dive and Q&A Webinar

Vancouver, Canada, May 5, 2025 - Group Eleven Resources Corp. (TSX-V: ZNG; OTC: GRLVF; FRA: 3GE) ("**Group Eleven**" or the "**Company**") is pleased to invite investors and other interested parties to attend the Company's upcoming interview with Radius Research.

CEO Bart Jaworski is providing an update on ZNG's Ballywire high-grade zinc-lead-silver (+/- germanium, +/- copper) discovery in the Republic of Ireland.

Group Eleven is a mineral exploration company focused on advanced-stage zinc exploration in the Republic of Ireland. Group Eleven announced the Ballywire zinc-lead-silver discovery in September 2022. Ballywire is located 20 kilometres from the company's 77.64-per-cent-owned Stonepark zinc-lead deposit, which itself is located adjacent to Glencore's Pallas Green zinc-lead deposit. The company's two largest shareholders are Glencore Canada (16.1% interest) and Michael Gentile (16.0 %).

The webinar will be a live, interactive online event where attendees are invited to ask the Company questions in real-time following the interview. An archived webcast will be made available for those who cannot join the event live on the day of the webinar.

Advanced-Stage Zinc Exploration

Cautionary Note Regarding Forward-Looking Information

This press release contains forward-looking statements within the meaning of applicable securities legislation. Such statements include, without limitation, statements regarding the future results of operations, performance and achievements of the Company, including the timing, content, cost and results of proposed work programs, the discovery and delineation of mineral deposits/resources/ reserves and geological interpretations. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: believe, expect, anticipate, intend, estimate, postulate and similar expressions, or are those, which, by their nature, refer to future events. The Company cautions investors that any forward-looking statements by the Company are not guarantees of future results or performance, and that actual results may differ materially from those in forward looking statements as a result of various factors, including, but not limited to, variations in the nature, quality and quantity of any mineral deposits that may be located. All of the Company's public disclosure filings may be accessed via www.sedar.com and readers are urged to review these materials, including the technical reports filed with respect to the Company's mineral properties.
